Yash Sewa Samiti had the privilege of visiting a Science Exhibition organized at Bindapur School. The event was an inspiring display of creativity, innovation, and young talent, highlighting the importance of scientific learning in shaping young minds. Our team was particularly impressed by the enthusiasm and knowledge of the students, who passionately explained their projects. It was heartening to see how schools like Bindapur are fostering curiosity and critical thinking through such initiatives.

Our remedial classes continued to make a meaningful impact, providing academic assistance to children who need it the most. This initiative not only enhances their learning abilities but also builds their confidence to face academic challenges. The dedication of our teachers and the enthusiasm of the students have been truly inspiring.

This month, we introduced yoga and meditation sessions for school children, focusing on their mental and physical well-being. These sessions are designed to help children improve concentration, reduce stress, and embrace holistic health practices. The initiative has been warmly received, with students eagerly participating in these interactive and calming sessions.

भारतीय भाषा उत्सव

We were honored by Sudhakar Pathak ji , the president of Hindustani Bhasha Akadami to participate as guests in the Bhartiya Bhasha Utsav, a celebration of India's linguistic diversity. The event was about honouring 853 language teachers and students of 309 govt./pvt. Schools of Delhi & Gurugram, securing 100% marks in the 9 particular Indian languages.
